

"A Customer First Company" May 2009 Edition

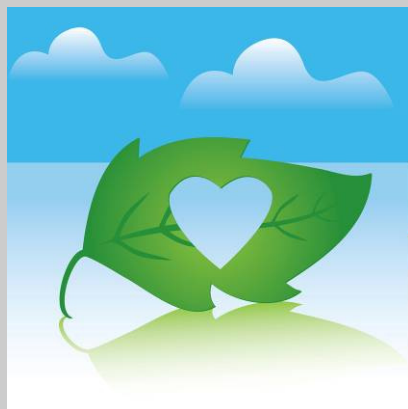

Welcome to the May 09 Edition of "On the Move"

Introducing TransitTalk.com

TransitTalk.com is an exciting new initiative that provides advocacy, information, and support for the creation of adequate transportation systems in the Richmond area. This website has important information on how the region can be positively impacted by the expansion of transit systems. We would like to encourage everyone to take some time out to review the website. There you can sign up and become involved in making a difference in enhancing awareness of important issues throughout the region. This new website is on all social networks, facebook, youTube, etc. as well.

Go Green – Take the Pledge

Today everyone is talking about going "green." Why not find more ways of making a difference today in cultivating a green lifestyle. Visit www.ridefinders.com and take the Go Green pledge.

Learn of simple everyday steps you can take to make an impact on our environment. Fill in the pledge form and let your friends and family see how you are serious about making a difference in your everyday routine.

K&K Photo Gallery

Last month we were excited to inform you about two minivans that started going to Dahlgren. Below are some pictures of one of the vans.

Also we want all of you to see the wonderful crew of guys who keep our vans clean. We would like to thank the guys for the outstanding work they do keeping our vans spotless. You are greatly appreciated.

"In addition to the three top reasons for motorcycle crashes in 2008 -- failure to maintain control, following too closely and exceeding the speed limit -- other situations may cause motorcycle crashes. The VAHSO reports that approximately half of all fatal motorcycle crashes involve automobiles. Many of these crashes are caused by the motorist's failure to see a motorcycle in traffic. Before pulling out into traffic, changing lanes, turning, backing up or proceeding through an intersection, drivers are urged to also look for motorcycles."

All K&K drivers need to keep this in mind while driving this summer.

Warmer Weather = More Motorcycles

As warmer weather hits more motorcyclist are now hitting the road. We need to be mindful of these cyclists and have an increased awareness of their presence, especially on HOV lanes. In Virginia Governor Tim Kaine has proclaimed May 2009 as Motorcycle Safety Awareness Month. Below is an excerpt of a press release on <http://www.dmv.state.va.us/webdoc/safety/news/news.asp?id=5545>
